

Monash University Foundation Year

Requirements & Guidelines for Unit 2 Oral Self-Reflection

- If a student does not submit their video by the due date, they will receive a '0' mark; but if they feel they have a valid reason supported with evidence, they may apply for consideration of disadvantage through student administration. This is subject to approval by the Head of Studies.
- Students must use ICT to support their oral self-reflection; the presentation must be a video submission.
- Students must follow the instructions for making a 'quality' self-reflection video and the procedures for submitting this to their teacher by the due date. The class teacher will provide this information.

Content and Structure

Your reflection must contain an introduction, body and conclusion.

Introduction - this should include:

- the purpose of your presentation, which is to reflect on the research project and research process.
- brief statement about the topic you chose and why, your objectives and why you chose these.
- the main points you will talk about in the body of your self-reflection – for eg.
 - What you learned
 - Your research strategies
 - How you can improve the quality of your research

Body – an insightful reflection of the main points

- What did you learn? (knowledge and skills gained)
- What research strategies did you use when faced with challenges/opportunities?
- How did these influence your decisions?
- What can you do to improve the quality of your research?

Conclusion – Summary of your learning experience and restate what you will do in future to build on your knowledge and skills.

Timing

The time allocation is strictly 3-5 minutes.
